If applicable to the program, to qualify for Specialized Admissions, applicants/students must satisfy all of the following: General Requirements, meet minimum TSI scores, Mandatory courses, and Pre-Program Specifics. Once all requirements are completed, ranking points are derived from the most recent TSI scores and most recent G.P.A of ranking courses. Applicants who complete all ranking courses may be more competitive for admission into their program of choice.

GENERAL REQUIREMENTS

Applicants for Specialized Admissions must satisfy minimum criteria in order to be eligible for ranking. The following is required of all applicants:

- Submit all previous college/university official transcripts (transliteration of all foreign coursework required) prior to ranking.
- Must have a High School Diploma or GED. Submit official transcripts to: El Paso Community College Admissions Office P.O. Box 20500, El Paso, Texas 79998
- Must be fully accepted by EPCC as an academic credit student.
- Must have successfully completed the TSI Assessment Test.
- Attend a Health Careers Orientation Session or complete it online at: http://www.epcc.edu/HCO/Pages/default.aspx
- Submit Specialized Admissions Application form and pay $ 10.00 fee.
- All academic and specialized courses listed on the degree plan must be completed with a “C” or better.
- “Effective Fall 2011, and based on new federal regulations, students are not allowed to repeat previously passed courses more than once.” Students should meet with a counselor to determine how a repeat course (s) may impact his/her academic, prerequisite, specialized admissions or transferability of courses. It is the student’s responsibility to check with the Office of Student Financial Services to inquire how a repeat course (s) may impact their financial aid or veteran’s assistance.
The Texas State Legislature mandates that institutions assess all entering undergraduate students for readiness to enroll into college-level course work in the academic areas of Essay, Reading, Math, and Writing Assessment Tests, and to provide individualized developmental education programs to those students not demonstrating this readiness. The Texas Higher Education Coordinating Board (THECB) requires the reporting of developmental progression and outcome of all students engaged in developmental education. Refer to EPCC Catalog or see your counselor for more information.
