EL PASO COMMUNITY COLLEGE
ANNUAL SECURITY & FIRE SAFETY REPORT
2015

- Introduction -

The El Paso Community College District (EPCC) and the El Paso Community College Police Department (EPCCPD) place a high priority on campus safety and the protection of assets in pursuit of a peaceful scholastic environment on college grounds.

- Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act -

20 United State Code, Section 1092(f), the “Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act” (Clery Act) and the Code of Federal Regulations requires that each institution of higher education in the United States, which participates in federal student aid programs, must produce and distribute an annual report containing crime statistics and statements of security policy. Failure to include, or include erroneous information may result in fines up to $35,000 per violation; imposed by the U.S. Department of Education.

- Violence Against Women Reauthorization Act of 2013 -

The Violence Against Women Reauthorization Act of 2013 (VAWA); was signed on March 7, 2013, (Pub. Law 113-4) also affects the Jeanne Clery Disclosure of Campus Security Policy, Campus Sexual Violence Act provision, Section 304 (SaVE Act) and Campus Crime Statistics Act. Notably, the Violence Against Women Act (VAWA) amended the Clery Act to refine and clarify; to some extent, change, existing legal requirements and government agency enforcement statements. Colleges and universities are required to report domestic violence, dating violence and stalking; beyond crime categories the Clery Act currently mandates.
This requires the college to adopt certain institutional student discipline procedures; such as, notifying purported victims of their rights and to adopt certain institutional policies to address and prevent campus sexual violence. It also affects training requirements for relevant institutional personnel and establishes criteria concerning evidence and pertinent sanctions or protective measures that are obtainable.

Bias (hate) crimes are also addressed and reported. Offenses defined under VAWA do not particularly create separate penal violations, as the actual criminal violation is dealt with by state law. VAWA simply defines what types of conduct require reporting. Because of the difference in definitions and actual applicable state law, it may appear that some categories are reported twice, but caveats are included to further explain the entries and statistical anomalies. Statistics for these expanded categories are included in the annual security report.

- The Campus Sexual Violence Elimination Act of 2013 -

The Campus Sexual Violence Elimination Act of 2013 (SaVE Act) was also enacted in March, 2013. This act has implications for higher education facilities and is companion legislation to VAWA. This act requires institutions of higher education to educate students, faculty and staff on the prevention of rape, acquaintance rape, domestic violence, dating violence, stalking and sexual assault. It also requires education addressing offenses mentioned in the VAWA and assistance by campus authorities when reporting a crime. This act is integrated with VAWA requirements and also amends the Clery Act.

The college is revisiting current policies and procedures and training requirements in order to meet the requirements of this act and integration with VAWA and Clery requirements.

- Campus Security Act / Legal Requirements -

- Publish an annual report every year by October 1st that contains three years of crime statistics and certain security policy requirements, including sexual assault policies

- Disclose crime statistics for each campus, unobstructed public areas adjacent to or running through each campus and certain non-campus facilities, including student housing and remote classrooms

- Make a good faith effort to secure statistics from local law enforcement agencies and the college police department and other college officials who are Campus Security Authorities; i.e., persons who have significant responsibility for students and campus activities

- Provide timely warning notices of those crimes that have occurred and pose an ongoing threat to students and employees
Disclose in a public crime log any crime that occurred on campus or within the patrol jurisdiction of the campus police or the campus security department and reported to the campus police or security department.

Inform students of procedures victims should follow, such as preservation of evidence and to whom offenses should be reported.

Inform victims of their rights and options; to notify or not to notify and seek assistance from law enforcement, including judicial protective, restraining or no contact orders.

EPCCPD makes requests to the El Paso Police Department and the El Paso County Sheriff’s Office in order to gather crime statistics for adjacent public property for each campus location. Adjacent public property is generally described as the sidewalks and streets; as well as, any public property directly across from campus boundaries.

All of these crime statistics are gathered, compiled and reported to the college community via a yearly report, which is made available to students, staff and faculty; upon notification of publication and by also posting it on the El Paso Community College’s webpage:

These statistics are also reported on-line to the federal government; as required.

- Clery Crime Statistics -

The following pages contain the reportable offenses as reported to the El Paso Community College Police Department, El Paso Police Department and the El Paso County Sheriff’s Office and others who have significant responsibilities for student and campus activities. The statistics are published in accordance with the standards and guidelines used by the FBI Uniform Crime Reporting (UCR) Handbook and relevant federal laws. It should be noted that the Clery Crime Statistics will not always match UCR statistics, due to different definitions used.

Statistics are listed for each El Paso Community College District campus and include those offenses occurring on adjacent public property and any non-campus property.

Adjacent public property can be described as all public property, including thoroughfares, streets, sidewalks and parking facilities that is within the campus or immediately adjacent to and accessible from the campus that is owned by a public entity, such as a city, county or state government.

Non-campus property is described as any building or property owned or controlled by a student organization that is officially recognized by the institution, or any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution’s educational...
purposes, is frequently used by students and is not within the same reasonably contiguous geographic areas of the institution.

The El Paso Community College does not have on or off campus student housing facilities; commonly referred to as dormitories.

If you have any questions about the crime statistics or safety issues on campus, please contact the El Paso Community College Police Department at (915) 831-2200.

The chart on the this page indicates the combined district wide Clery Crime Statistics for 2015, for the El Paso Community College District; compiled from all reportable crimes occurring on all campuses and adjacent public property as provided by local law enforcement agencies.

Statistics were gathered from the El Paso Police Department and the El Paso County Sheriff’s Office. They are also taken from records maintained by the El Paso Community College Police Department. These statistics are included in the federal on-line reporting and in this annual security report.

The statistics reported are for the last full calendar year, plus the previous two full calendar years; a three year time period. In essence, the report date will be the current year and the statistics are for the three preceding years. For example; the 2015 report contains statistics from 2012 to 2014 (inclusive).

** Although a report was made regarding a motor vehicle theft, it was determined later the same day that the owner of the vehicle (the student’s parent) had picked up the
vehicle and took it to a repair shop and had failed to inform the student at the time. No actual theft had occurred.

There were no hate or bias crimes reported at any campus or on adjacent public property for the years 2014, 2013 or 2012.

The categories created by the Violence Against Women Reauthorization Act of 2013 are included in this annual security report for the required time frame. These statistics will also be reported in the on-line survey for 2015.

These categories are dating violence, domestic violence, sexual assault and stalking.

The district wide statistics are shown in the below table and each of the VAWA defined categories are included in the tables for each of the separate campuses in the following pages of this report; beginning on page 6.

Visitors are welcome and are expected to observe established campus rules, regulations and policies.
Visitors are encouraged to visit the El Paso Community College Police Department office at the campus
they’re visiting for information on college regulations. EPCC reserves the right to restrict or deny
access of any person who does not follow college policies and procedures.

- Students and Employees -
All EPCC employees and students should have their El Paso Community College Identification Card in
their possession while on campus. Lost or stolen cards should be reported immediately to the EPCC
Police Department.

- Maintenance -
Facilities, lighting and landscaping are maintained to promote campus safety. The college provides
emergency call boxes installed throughout each campus. Emergency call boxes are routinely checked
and work orders submitted for those needing repair. Officers also report the need for replacement
lighting and any other discovered physical hazards to Physical Plant for maintenance or repair.
Emergency phone problems should be reported to the El Paso Community Police Department for any
repair or maintenance.
Any student, faculty member, staff, or visitor who observes a potentially unsafe condition or equipment needing repair, are encouraged to report the problem by calling:

EPCC Police Department - (915) 831-2200
- or -
Physical Plant at (915) 831-2280

- CRIME PREVENTION AND EDUCATION PROGRAMS –

The EPCC Police Department conducts crime prevention and information sessions at each scheduled new student and staff orientation. Participants are encouraged to ask questions of a safety and security nature and are informed of methods to receive or view the Annual Security Report. Upon request, the department provides crime prevention inspections or programs. Officers are also encouraged to make unscheduled crime prevention contacts during their daily patrols. Programs and services are designed to promote safety on campus through prevention, intervention, mitigation and response. VAWA requisites are also addressed. The college provides several programs and services, including:

- **Counseling Centers** – assists in determining referral sources and provides confidential counseling services free of charge to students and are located at each campus:
  
  Valle Verde – (915) 831-2642  
  Northwest – (915) 831-8807  
  Rio Grande – (915) 831-4636  
  Mission Del Paso – (915) 831-7094  
  TransMountain – (915) 831-5186

- **Safety Escorts** – officers provide students, staff and faculty escorts to their vehicles or buildings on campus whenever requested and can be requested by calling (915) 831-2200 for this free service

- **Walk-bys** – officers conduct periodic safety checks of work or study areas and are typically requested during non-business hours by students, staff and faculty members who are engaged in afterhours activities on campus and can be requested by calling (915) 831-2200

- **Motorist Assist** – officers are available to assist motorists on campus who experience vehicle trouble, such as dead batteries or they have locked themselves out of the vehicle; request assistance by calling (915) 831-2200

- **New Student Orientation Programs** – officers present information pertaining to safety and asset protection at new student orientation sessions
New Staff and Faculty Orientation Programs – officers present information pertaining to safety and asset protection at new staff and faculty orientation sessions

Crime Prevention and Personal Safety – officers present general information pertaining to personal safety, sexual assault education and prevention, automobile theft, identity theft and campus safety whenever requested by calling (915) 831-2200

Security Surveys – officers conduct security inspections, considering security vulnerabilities and making recommendations for the protection of persons, assets, facilities and buildings; survey can be arranged by calling (915) 831-2200

Although the college has instituted security services and procedures, it should be noted that the personal safety of individuals who are on campus still remains, largely, an individual responsibility. Failure to take precautions or being aware of one’s environment may result in increased risk. College police continue to adapt and implement safety measures and asset protection, but the ultimate success of these endeavors is contingent upon active involvement by faculty, staff, students and visitors.

Crime prevention is a means to encourage students, faculty and staff to be aware of ways to reduce their chance of becoming a victim of crime. Crime prevention presentations are presented whenever requested and at the beginning of each new semester. While it is impossible to prevent all crime, awareness is the means to preventing crime. The El Paso Community College Police Department offers the following free crime prevention programs and services:

- **Directed Patrol** – this program encompasses directed patrol and park and walk at irregular intervals during each shift. A directed patrol is a walk through buildings where officers look for, or are alerted to suspicious activities. A park and walk involves officers parking their vehicles and conducting foot patrols of selected areas of the campus. These activities are documented in their patrol log sheets and in Dispatch.

- **Safety Escort Program** – when people feel the need for a little extra security, due to personal issues or other security concerns, officers provide escorts to all locations on campus and an escort may be requested by calling (915) 831-2200 or by using one of the emergency call boxes located on campus.

- **Operation ID** – an ongoing program that involves engraving personal property with an alternate identification marking, usually a partial license number or student identification number. Anyone wishing to take advantage of this program can call (915) 831-2200 for availability and locations.
Lost and Found – lost and found property is turned into the police department office at each campus and each year large numbers of unclaimed books and other personal property is received. Recovered property is securely stored and you may report the loss of property in the event it is turned in. In reporting lost property, try to have any identifying markings or serial numbers and detailed description regarding the lost property.

*Every reasonable attempt is made to return recovered property to its legal owner – if the owner and property can be identified.*

- Security Alarm System -

An electronic security alarm system is located at the EPCC Police Dispatch Office and is monitored by the dispatcher. The alarm system provides a network of fire, intrusion detection and duress alarms for various campus buildings throughout the district. The alarm systems are regularly checked for proper operation and repaired when needed. Surveillance cameras are also monitored from the dispatch center, with feeds coming in from each campus.

- Authority and Jurisdiction of the El Paso Community College District Police -

El Paso Community College District police officers are licensed as Texas peace officers by the Texas Commission on Law Enforcement (TCOLE). Officers are sworn law enforcement officers and commissioned under provisions of the Texas Education Code and the Texas Code of Criminal Procedure. Officers are vested with all the powers, privileges and immunities of peace officers while within the jurisdiction of the El Paso Community College District or otherwise in the performance of their assigned duties. Generally speaking, it encompasses El Paso County.

The El Paso Community College Police Department also employs parking enforcers, who provide parking enforcement and support for special events. Parking enforcers do not have arrest authority, except as provided for any citizen, as outlined by the Texas Code of Criminal Procedure.

The El Paso Community College Police Department is responsible for enforcing applicable local, state and federal laws and regulations of the community college district. Police officers carry firearms, arrest violators and also make referrals to the Vice-President of Student Services, when necessary.

Criminal violations are processed through the El Paso County District Attorney’s Office, El Paso County Attorney’s Office or the federal criminal justice system (U.S. Attorney’s Office). Officers may issue Class C misdemeanor citations, make custody arrests and issue traffic citations which would be
filed and tried in the El Paso County Justice of the Peace Courts. Normally, these citations are filed with the Justice of the Peace Precinct in which the campus lies and the offense occurred on.

- Law Enforcement Jurisdiction –

The El Paso Community College District predominately lies within the city limits of El Paso, Texas, although some facilities lie outside of the city limits but within El Paso County. The EPCC Police Department works closely with the El Paso Police Department, El Paso County Sheriff’s Office, Texas Department of Public Safety, District & County Attorney’s Office and federal law enforcement agencies. There are no Memorandums of Understanding currently in place for other agencies. Other agencies also have arrest authority (jurisdiction) on campuses because the College District lies within the County and City of El Paso and the State of Texas.

Jurisdiction for the El Paso Community College District Police is set out in Texas Education Code statutes. Primary jurisdiction of peace officers commissioned by the District includes all counties in which property is owned, leased, rented or otherwise under the control of the District. With such statutory authority, no memorandums of understanding are needed for officers to act in a law enforcement capacity off campus, when needed or requested by outside agencies or other proper authority.

When an EPCC student is involved in an off-campus incident, officers may assist with the investigation in cooperation with local, state or federal law enforcement. The El Paso Police Department routinely works and communicates with the EPCC Police Department on serious incidents occurring in the immediate area surrounding campuses inside the city limits. Outside the city limits, the El Paso County Sheriff’s Office works with and communicates with the EPCC Police Department. The Texas Department of Public Safety also handles incidents that occur outside the city limits. These agencies have primary jurisdiction in areas off campus, but EPCC Police may assist with major crimes and incidents near campus when viable.

To coordinate an emergency response, EPCC Police have communication with the El Paso Police Department, El Paso County Sheriff’s Office, Clint Fire Department, West Valley Fire Department and Fire Medical Services, as well as, county emergency medical services.

- REPORTING CRIMES –

- Procedures for Reporting Crimes and Other Emergencies -

Community members and guests of the college are encouraged to report any emergency and suspected criminal activity, such as, but not limited to; suspicious activity or behavior, health emergencies, fires,
crime and violations of college policies and procedures to the EPCC Police Department by calling (915) 831-2200.

The college provides several methods to report an emergency, request assistance, or to report suspicious behavior. Conspicuously placed around campuses are emergency call boxes. These phones are activated by opening the cover and picking up the receiver. The boxes have a blue light which activates to aid in locating the reporting party. Elevators are equipped with an emergency button or phone and when activated, place the caller in direct communication with the EPCC Police Dispatcher.

The EPCC Police Department encourages anyone who is the victim or witness to any crime to promptly report the incident to police. Because police reports are public records under state law, the EPCC Police Department cannot hold reports of crime in confidence. Confidential or anonymous reports for purposes of inclusion in the Annual Disclosure Report of crime statistics can also be made to other campus security authorities, such as the Vice-President of Student Services or the Chief of Police, or his designee. A process for reporting criminal offenses in confidence is also provided for.

Violations of law are referred to law enforcement agencies. Community members are encouraged to report all crimes, to include off campus incidents. The EPCC Police Department assists community members in the reporting of off campus incidents to the appropriate law enforcement agency. Local law enforcement agencies’ non-emergency telephone numbers are:

- El Paso Police Department – (915) 832-4400
- El Paso County Sheriff’s Office – (915) 546-2280

- Reporting Crimes to Other Campus Security Authorities -

The Clery Act mandates that institutions must disclose statistics both for crimes reported to local police agencies and crimes reported to campus security authorities. Campus security authorities include the following:

- A member of a campus police department or campus security department of an institution; a member of a private “event staffing” company working on campus under contract
- Any individual or individuals who have responsibility for campus security, but who do not constitute a campus police department or a campus security department (e.g., an individual who is responsible for monitoring the entrance into institutional property)
- Any individual or organization specified in an institution’s statement of campus security policy as an individual or organization to which students and employees should report criminal offenses
- An official of an institution who has significant responsibility for student and campus activities, such as:
The intent of including non-law enforcement personnel as campus security authorities is to acknowledge that many people, students in particular, are hesitant about reporting crimes to the police, but may be more inclined to report incidents to other campus affiliated individuals.

Examples of individuals who do not meet the criteria for being campus security authorities include a faculty member who does not have any responsibility for student and campus activity beyond the classroom, clerical staff, custodians and maintenance personnel and cafeteria staff. A pastoral or professional counselor on campus does not have significant responsibility for student and campus activity and are exempt from reporting crimes to the campus police. A physician in a campus health center or a counselor in a counseling center whose only responsibility is to provide care to students is unlikely to have significant responsibility for campus and student activity.

All campus officials, counselors, faculty and staff are encouraged to report all crimes, even if not required to do so. Such officials should also encourage the victim of a crime to report the circumstance to the EPCC Police Department. The police department understands the confidential nature of certain campus officials and will respect the confidentiality of information obtained for statistical reporting purposes. Only general information, such as general location, type of crime and date of crime are needed to report crime statistics. Complete reporting by all college members will assist in providing a secure campus environment.

- Responsibilities of Campus Security Authorities -

Because the law has some complex reporting requirements, the most reasonable and effective way to manage the reporting is as follows:

If Campus Security Authorities observe any crime listed on the following list, or if any person reveals to a Campus Security Authority, in good faith, that they learned of, or were the victim of, perpetrator of, or witness to any crime listed below, the Campus Security Authority must immediately notify the EPCC Police Department.
- Crimes That Should Be Reported -

- Murder / Non-Negligent Manslaughter
- Negligent Manslaughter
- Forcible Sex Offenses (Sexual Assault)*
- Non-Forcible Sex Offenses
- Robbery
- Aggravated Assault
- Burglary
- Motor Vehicle Theft
- Arson
- All hate/bias crimes that fall under the listed Clery reportable offenses listed above (UCR index crimes)
- Liquor, Drug or Weapons Law Violations
- Stalking*
- Domestic Violence*
- Dating Violence*

(Definitions of the above listed crimes can be found on pages 24, 25 and 26)
* (Definitions of VAWA defined categories can be found on page 26 and 27)

Clery Act crimes reported to local municipal, county and state police will be included as long as the agencies notifies the EPCC Police Department and the reported crime occurred in an area in which the institution is accountable. The EPCC Police Department contacts these agencies and makes a good faith effort to obtain information on reportable Clery Act crimes. These will also include VAWA offenses.

- Reporting Crimes Outside of the Primary Jurisdiction of EPCC Police -

The EPCC Police Department makes a good faith effort to stay cognizant of all criminal activity involving students at off campus locations. Surrounding municipal, county and state law enforcement agencies and federal agencies do not routinely inform campus police about incidents where their officers come in contact with EPCC students. If the conduct traces back to a campus, agencies normally inform EPCC police of that connection and possible additional suspect activity.

- Timely Warnings / Crime Alerts -

In order to keep the college community informed about serious crimes and security issues, “timely warnings” may be issued in the form of a Crime Alert. Crime Alerts are issued on a case-by-case basis in a manner that will provide notification to the campus community about certain reportable criminal incidents that occur on or very near the campuses. The institution must also believe the criminal
incident poses a continuing threat to the community and the alert will aid in the prevention of similar crimes in the future. In the event that a situation arises, either on or off campus, in the judgment of the Chief of Police of the El Paso Community College District, constitutes an ongoing or continuing threat, a district wide “timely warning” will be issued to all campuses. The warning can be issued through electronic e-mail. The web page can also be used to inform students, faculty and staff of the threat.

The timely warning will contain sufficient information about the nature of the threat, so as to allow members of the campus community to take action to protect themselves, such as:

- A description of the incident; including date/time and location of occurrence
- Possible connection to previous incidents; if applicable
- Physical description of suspect
- Composite drawing or photograph of suspect; if available
- Date and time the warning was released
- Other relevant and important information

The crimes that typically result in a “timely warning” or Crime Alert are referred to herein as “Clery Act Crimes”. These crimes, as defined by 34 CFR668.46 (b) (c), are:

**Criminal Homicide**

- Murder / Non-Negligent Manslaughter
- Negligent Manslaughter

**Forcible Sex Offenses**

- Forcible Sexual Assault
- Forcible Sodomy
- Sexual Assault with an Object
- Forcible Fondling

**Non-Forcible Sex Offenses**

- Incest
- Statutory Rape

**Robbery**

**Aggravated Assault**
**Burglary**  
*does not include burglary of a vehicle; considered theft/larceny*

**Motor Vehicle Theft**

**Arson**

These crimes must have occurred within those areas of the campus that are specifically defined in 34 CFR668.46 (a). These are broken down into four categories:

- On campus property
- Residential facilities
- Non-Campus property
- Public property

EPCC will not necessarily issue “timely warnings” for every Clery Act criminal incident that is reported since the specific incident may not pose a continuing threat to the community. Certain Clery Act crimes, like motor vehicle theft, occur at random locations and infrequently on campuses. Suspect information is often never provided or able to be determined. This is true of the El Paso area, in general. Individuals should exercise due care and caution to avoid being a victim. Crime prevention tips are posted by the EPCC Police Department to help deter these crimes.

- **Crime Alert – Off Campus** -

EPCC may post a Crime Alert (off campus) for certain Clery Act crimes occurring outside the main patrol area of the EPCC police when timely notification is received the EPCC police and the offense is considered to represent a serious or continuing threat to students and employees of EPCC, due to the nature of the crime and/or its proximity to a campus.

EPCC believes strongly in supporting the spirit of the Clery Act by informing the community about certain crimes that are reported in the areas immediately surrounding our campuses; yet still outside the normal patrol areas of EPCC police.

- **When are Timely Warnings Issued?** -

The decision to issue a “timely warning” is made on a case-by-case basis; in light of all facts surrounding the crime, including; nature of the crime, continuing danger to the community and possible risk of compromising on-going law enforcement efforts. “Timely” is not specifically defined by either
the Clery Act or the Department of Education. The Department of Education has indicated that the warning should be issued as soon as the pertinent information is available.

EPCC will issue the warning without delay, once reported information has been substantiated and the determination made that an immediate threat to the community exists. Also, warnings may be issued for other offenses which do not fall under reporting protocols, if it is determined that the warning will aid in preventing similar offenses from occurring.

- **How are Timely Warnings issued?** -

Depending on the particular circumstances of the crime, the EPCC Police Department may disseminate the information through e-mail to all students, faculty and staff, electronic billboard signs and the college website. Persons with information warranting a “timely warning” should report the situation to EPCC Police by phone at (915) 831-2200 or in person at the police department office at 919 Hunter Drive. It may be reported also at the local campus police office.

(A) with whom the actor has or has had a dating relationship; or

(B) because of the victim's marriage to or dating relationship with an individual with whom the actor is or has been in a dating relationship or marriage; and

(2) is intended to result in physical harm, bodily injury, assault, or sexual assault or that is a threat that reasonably places the victim in fear of imminent physical harm, bodily injury, assault, or sexual assault.

(b) For purposes of this title, "dating relationship" means a relationship between individuals who have or have had a continuing relationship of a romantic or intimate nature. The existence of such a relationship shall be determined based on consideration of:

(1) the length of the relationship;

(2) the nature of the relationship; and

(3) the frequency and type of interaction between the persons involved in the relationship.
(c) A casual acquaintanceship or ordinary fraternization in a business or social context does not constitute a "dating relationship" under Subsection (b).

Sec. 71.003. FAMILY. "Family" includes individuals related by consanguinity or affinity, as determined under Sections 573.022 and 573.024, Government Code, individuals who are former spouses of each other, individuals who are the parents of the same child, without regard to marriage, and a foster child and foster parent, without regard to whether those individuals reside together.

Sec. 71.004. FAMILY VIOLENCE. "Family violence" means:

(1) an act by a member of a family or household against another member of the family or household that is intended to result in physical harm, bodily injury, assault, or sexual assault or that is a threat that reasonably places the member in fear of imminent physical harm, bodily injury, assault, or sexual assault, but does not include defensive measures to protect oneself;

(2) abuse, as that term is defined by Sections 261.001(1)(C), (E), and (G), by a member of a family or household toward a child of the family or household; or

(3) dating violence, as that term is defined by Section 71.0021.

Domestic violence and dating violence are clarified and categorized when recording sexual assault statistics for Clery reporting purposes which further enhance the offense in forcible and non-forcible sex offenses under UCR, federal and state statutes.

- Monitoring and Recording Criminal Activity -

The EPCC Police Department tracks and records index crimes occurring on campus and in those areas immediately contiguous to the campuses where students frequently access. These are categorized as:

- Non-campus buildings or property owned or controlled by EPCC that are used in direct support of, or in relation, to the college’s educational purposes; are frequently used by students and are not in the same reasonable contiguous geographic area of the college.
• Public property, including thoroughfares, streets, sidewalks and parking facilities that are within the campuses or immediately adjacent to and accessible from the campus. The jurisdiction of the EPCC Police Department does not extend to public property contiguous to the campuses; therefore, the department has a limited role in investigating criminal activity in these locations. The department’s role is limited to information sharing, cooperation and coordination with the law enforcement agency having primary jurisdiction.

- Public Crime Log -

A crime log is kept for all crime activity for all campuses and is maintained by the EPCC Police Department. The crime log contains: nature of the crime, date and time the crime was reported, general location where the crime occurred and disposition of the case. This log is electronic and is posted on the EPCC website; available at www.epcc.edu/Police/Pages/DailyCrimeLog.aspx. The Open Campus Police Log contains activity for the current month and preceding months (over 60 days). Any copy of the log that is older than sixty days may have to be requested and will be made available within two business days, upon request and is available for review at any police office.

- Criminal Incidents within the Contiguous Area for Calendar Year 2014 -

The EPCC Police Department obtains crime statistics from the El Paso Police Department and the El Paso County Sheriff’s Office regarding criminal incidents occurring within the contiguous area surrounding each campus. These are included in the Clery reporting for each campus of the college.

- Hate / Bias Crimes -

These are reported by category of prejudice; any crime reported that manifests evidence that the victim was intentionally selected because of the victim’s race (actual or perceived), gender, religion, sexual orientation, ethnicity, national origin, gender identity or disability.

There were no hate or bias crimes reported on or occurring on adjacent public property for any campus for the years 2014, 2013 and 2012.
- **Sex Offender Registry and Access to Related Information** -

The Federal Campus Sex Crime Prevention Act, enacted on October 28, 2000, requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained.

It also requires sex offenders already required to register in a State to provide notice as required under State law, of each institution of higher education in that State at which the person is employed, carries out a vocation or is a student.

The Family Educational Rights and Privacy Act of 1974 was amended to make clear that nothing in the Act may be construed to prohibit an educational institution from disclosing information provided to the institution concerning registered sex offenders and requires the Secretary of Education to take appropriate actions to notify educational institutions that disclosure of this information is permissible.

State law requires persons convicted of or placed on deferred community supervision for certain offenses to register as sexual offenders. Offenders who have committed “sexually violent” offenses must register for the remainder of their lives, even after completing probation or parole. Others, may quit registering ten years after completing their terms of supervision, while others, may cease registration ten years after completing their terms of supervision.

Registered sex offenders are required to inform the college when they become enrolled as students or become employed as staff or faculty; volunteering services on campus and upon leaving the college. To learn if information of this nature has been provided to the college, contact the EPCC Police Department at 919 Hunter Drive, or by calling (915) 831-2200.

Information on sex offender registration files is available through the Texas Department of Public Safety website:

[https://records.txdps.state.tx.us/SexOffender/](https://records.txdps.state.tx.us/SexOffender/)

- **Alcohol** -

The college is dedicated to provide a healthy, comfortable and productive environment for students, faculty, staff and visitors. Members of the college community are expected to maintain self-control. Conduct should be consistent with ideals of academic excellence, health and responsible public behavior, including recognition of others rights. The college is also guided by the Drug Free Schools & Communities Act.
We recognize that the college is a community of free and open inquiry in which adults are encouraged to make responsible decisions in their lives; including abstinence or careful use of alcohol. The college recognizes that freedom of conscience determines such issues, but cautions that such freedom does not imply a license to violate college policy or the law. There are disciplinary actions which can be brought against any student who engages in conduct which is prohibited by state, federal, local law or college rules and regulations.

The college may impose such penalties for conduct relating to the unlawful use, possession or distribution of alcohol, which can include disciplinary probation, suspension of rights and privileges, suspension for a specified period of time, expulsion or such other penalty as may be deemed appropriate under the given circumstances.

- Texas Law Regarding Alcohol Possession and Consumption -

All members of the college community should be cognizant of and comply with state and local liquor laws. It is unlawful in Texas for any person under the age of twenty-one (21) to possess, purchase or drink alcoholic beverages (except when with a parent or adult spouse). Providing alcoholic beverages to minors, other than where and when the law provides, is prohibited. A violation of this statute subjects the offender to law enforcement action, which may include arrest or a court appearance citation and may involve internal disciplinary action. It can also result in fines and loss of driving privileges upon conviction.

The El Paso Community College District prohibits the possession and consumption of alcoholic beverages on any property owned by the college. This also extends to activities held on district property.

- Drugs -

EPCC students shall be responsible for compliance with all local, state and federal laws regarding controlled substances, including but not limited to; use, sale, distribution, possession or manufacture. Violations of any local, state or federal laws regarding controlled substances may subject the person to disciplinary proceedings, without regard to any criminal proceedings in local, state or federal courts.

When standards of conduct regarding illicit drugs are violated, sanctions may be imposed by the Vice-President of Student Services. Possible sanctions include, but are not limited to; suspension, suspension of privileges, suspension for a specific period of time or expulsion.
Sanctions imposed as a result of conviction in the criminal court system for possession, distribution, or manufacture of controlled substances range from fines, probation or imprisonment. The amount of fines, terms of probation or years of imprisonment are generally contingent on the circumstances and amounts of drugs in possession, sold, distributed or manufactured and type of drugs.

EPCC enforces all state and federal laws which prohibit the possession or sale of illegal drugs or drug paraphernalia. Additionally, the Vice-President of Student Services can suspend students found guilty of possessing drugs on campus even when adjudicated through the courts.

- Education Programs -

The college counseling centers work to assist those students who are at risk or have violated drug and alcohol policies. The centers can also assist students, faculty and staff and can refer persons to outside agencies for assistance. VAWA requirements are also addressed. Additionally, some self-help resources are also listed on the webpage.

EPCC is a community of trust, whose very existence depends on adherence to standards of conduct. Student conduct that violates these standards is handled by the Vice-President of Student Services. This includes cases involving sexual misconduct and/or sexual assault or attempted sexual assault. Sexual assault reporting is also required under the Violence Against Women Reauthorization Act of 2013. College policies, training, education and prevention programs and procedures are being revised to incorporate VAWA requirements. Persons are strongly encouraged to report any sexual assault.

Students, faculty and staff are also being encouraged to make use of the Texas Association Against Sexual Assault website. This site provides information and resources aimed at the prevention of domestic violence, dating violence, stalking and sexual assault. There is also additional information and resources provided, in the event you have become a victim of these type of offenses. Their web address is http://taasa.org . An application (app) is also available for downloading, at no charge, to your personal devices, via a link under resources, or at http://taasa.org/resources-2/tx-safety-u-app/ .

- If You Have Been Sexually Assaulted -

Any person who may have been the victim or is aware of a victim of sexual assault on campus should immediately report the incident to EPCC Police. Students, faculty and staff are strongly encouraged to report sexual assaults to EPCC Police, whether the assault occurs on or off campus, no matter who the alleged assailant is. Students may report sexual assaults to EPCC Police Department or any other Campus Security Authority. **Reporting a sexual assault to college officials or filing a police report does not, in and of itself, spontaneously initiate criminal charges.**

If the assault occurred off campus, EPCC Police will assist the victim with notifications to the appropriate law enforcement agency having primary jurisdiction where the offense occurred.
It is important for persons who have been sexually assaulted to seek medical attention. A medical examination specifically tailored for sexual assault victims is conducted by the hospital staff. This will aid in preserving evidence of the sexual assault if the person who has been sexually assaulted decides to prosecute. It is important for persons who have been sexually assaulted to contact police who will arrange for immediate medical attention and will initiate an investigation, if the victim desires to do so.

The EPCC Police Department investigates all sexual assault complaints with sensitivity, patience, compassion and respect for the victim. Investigations are conducted in compliance with requirements established under state law and guidelines from the El Paso County District Attorney’s Office.

Victims may use a pseudonym to protect their identity; authorized by the Texas Code of Criminal Procedure, Article 57. A pseudonym is a set of initials or a fictitious name chosen by the victim to be used in all public files and records concerning the sexual assault.

Victims of sexual assault are not required to file criminal charges; however, doing so is encouraged.

Students may report sexual assaults to the EPCC Police Department or to any other Campus Security Authority. It should be noted that reporting a sexual assault to anyone other than police will delay any criminal probe and could conceivably hinder a criminal prosecution of the person responsible.

- If Sexually Assaulted -

- Call (915) 831-2200 on any campus and if off campus 911
- If you do not have a phone and are on campus – use any emergency call box
- Do not shower, bathe or douche
- Have a trusted friend take you to Sierra Medical Center- it is the only hospital in El Paso County that performs sexual assault examinations. Take the clothing in which you were assaulted with you to the hospital in a paper bag (do not place into a plastic bag). If the assault was reported to the police, clothing and other items ought to be provided to you while at the hospital.
  - Remember – It is NOT your fault
- How to File a Sexual Assault Complaint -

If a complainant (victim) does not wish to file criminal charges, but still wishes to proceed with formal administrative charges, an investigation is conducted and the case is referred to the Vice-President of Student Services. Students may contact the Vice-President of Student Services at (915) 831-2229.

Procedures for discipline and student standards of conduct are outlined in the EPCC Student Code of Conduct. These procedures are being reevaluated to comply with VAWA requirements. The Code of Conduct also can be found online at:

www.epcc.edu/VPStudentServices/Pages/StudentRightsResponsibilities.aspx

- Changes in Academic Situation -

The Vice-President of Student Services can assist the victim with their concerns; such as, but not limited to, class schedule changes, withdrawal procedures or campus relocation. If the reporting student provides credible evidence that the accused student poses a continuing danger to person or property or poses an ongoing threat of disruption to the academic process, the Vice-President of Student Services may take interim action against the accused student as applicable.

- Procedures for Campus Disciplinary Action -

A student may also choose to report the assault to the Vice-President of Student Services for disciplinary action regardless of whether or not the student has decided to pursue criminal charges. A student may also file a report of sexual assault against another student. Contact the Vice-President of Student Services at (915) 831-2229.

With implementation of the requirements of VAWA, the college is currently revisiting policies and procedures with respect to the standards of evidence that will be used in any institutional conduct proceeding arising from such a report of domestic violence, dating violence, sexual assault or stalking.

Other items being addressed include; victim’s options for and available assistance in changing academic, living, transportation and working situations, if requested and reasonably available, regardless of whether the victim elects to report the offense or not to law enforcement.

Victims may also have an advocate present during the process and the rights of the accused and victim are respected. Also being explored is what appropriate training is to be provided to personnel involved in administering these types of actions.
Disciplinary actions assessed in a particular case will depend upon the nature of the conduct involved, the circumstances and conditions which existed at the time the student engaged in such conduct and the results which followed as a natural consequence of such conduct.

Sanctions can include:

- Disciplinary warning
- Disciplinary probation
- Withholding of grades, transcripts or degree
- Bar against readmission
- Drop from current enrollment
- Suspension of rights and privileges
- Suspension
- Expulsion
- Other penalty as deemed appropriate under the circumstances

- Campus Sexual Assault Victim’s Bill of Rights -

The United States Congress enacted the “Campus Sexual Assault Victim’s Bill of Rights” in 1992, as a portion of the Higher Education Amendments of 1972. This law requires that all universities provide sexual assault victims certain basic rights, such as:

- Accuser and accused must have the same opportunity to have others present
- Both parties shall be informed of the outcome of any disciplinary proceeding
  - Survivors shall be informed of their options to notify law enforcement
  - Survivors shall be notified of counseling services
  - Survivors shall be notified of options for changing academic living situation

- Assisting a Student if the Sexual Assault Occurs Off Campus -

If the assault occurred off campus, the EPCC Police Department will assist a victim with notifying the appropriate law enforcement agency having primary jurisdiction where the crime occurred.
College counselors are available to also assist in the notification of proper authorities and to support a victim of sexual assault. Police and the Counseling Centers can assist with referrals to mental health agencies and other service providers for the victims of sexual assault.

*- Weapons Policy -*

As of the preparation of this report, it is currently a felony to intentionally, knowingly, or recklessly possess a firearm (with or without a concealed handgun permit), illegal knife, or prohibited weapon on the physical premises of a school or higher educational institution, to include any buildings or passenger transportation vehicles under the direct control of the educational institution (Texas Penal Code, Chapter 46). This prohibition does not apply to peace officers and duly authorized federal agents; whether on or off duty (Texas Penal Code, 46.15).

However, recent changes to state law (S.B. No. 1 & H.B. No. 910) will soon allow the holders of a concealed handgun permit to openly carry firearms on their person in the near future. This change in statute was signed into law this year (2015) at the conclusion of the last legislative session. The firearm will no longer need to be concealed while carried, as was previously required. Most provisions of this new statute will become effective on January 1, 2016. *Note the caveat below:*

**CAVEAT** - The statute will also allow the carrying of firearms on junior public college campuses, i.e. El Paso Community College; however, this provision of the statute will not...
become effective until August 1, 2017. Until the effective date, it will still be a violation of law to carry or possess a firearm on public junior college campuses. Open carry is not allowed on public college campuses and any weapon carried after the effective date, must be concealed. For other types of colleges, not public junior colleges, the statute will allow private colleges to opt out in allowing the carrying of concealed weapons; provided they are in compliance with notice requirements.

The college is reevaluating current policies and procedures in order to adapt to this stipulation of state law and to safeguard the welfare of faculty, staff, visitors and students. This also entails addressing carrying provisions applying to the forthcoming campus to be located on Ft. Bliss, which also will include applicable federal law, as Ft. Bliss is a military reservation.

-FIRE SAFETY-

The El Paso Community College District does not maintain, nor provide any residential student housing facilities, either on or off campus; commonly referred to as dormitories. The college does not provide fraternity houses or sorority houses. Clery Act requirements regarding maintenance of a Fire Log and other associated reporting requirements, is applicable if the college has or provides student residences.

College buildings are equipped with fire alarms and fire suppression systems. These systems are checked for operation and fire drills are conducted at unscheduled intervals.

EPCC does not maintain a separate Fire Log but does report Arson crimes in accordance with UCR reporting requirements. EPCC police do respond to fires or alarms occurring on campus.

-GENERAL EMERGENCY RESPONSE-

The El Paso Community College is developing an Incident Manual that includes information about college operating status parameters, incident priorities and performance expectations. The plan is based upon the National Incident Management System (NIMS). Operational plans for shelter in place and evacuation guidelines are also being developed, using this model. Departments are responsible for developing and submitting contingency plans and operations plans for their departments for inclusion in this plan.

EPCC police officers have received training in Incident Command and Active Shooter. When a serious incident occurs that causes an immediate threat to the campus, first responders are usually EPCC Police, who can be supplemented by El Paso Police, El Paso County Sheriff’s Office and the El Paso, Clint Fire
Department and West Valley Fire Department. Other EPCC departments and other city, county, state or federal agencies could also be involved in responding to an incident.

The college routinely tests its emergency notification system to ensure its operational status.

- Notification to the College Community Regarding an Immediate Threat -

The EPCC Chief of Police receives information from various offices and departments on campus. If it is determined that there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the college community, the Chief of Police will collaborate to determine the content of the message and will use some or all of the systems to communicate the threat to the EPCC community or to the appropriate segment of the community, if the threat is limited to a particular building or segment of the population. The Chief of Police and the college’s I.T. Department will, without undue delay and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the judgment of the first responders, compromise the efforts to contain, respond to, assist a victim or otherwise mitigate the emergency.

In the case of a serious incident which poses an immediate threat to members of the EPCC community, the college has systems in place for communicating information quickly. Some or all of these methods may be activated in the event of an immediate threat. The methods of communication include network e-mails, text messaging and telephones.

EPCC utilizes a text message service called Tejano Alert. This is the primary source for notification to the campus community regarding immediate threats. E-mails are also sent to students, staff and faculty.

To sign up for the Tejano Alert service, go to: www.epcc.edu/alert/pages/default.aspx

The college will post updates during a critical incident on the EPCC website. Members of the larger EPCC community interested in receiving information about emergencies on campus should enroll with the emergency text message system (Tejano Alert).

- Emergency Evacuation -

In cases where there is an imminent and immediate threat to the college community, EPCC has designed a notification system that employs campus wide text messages and e-mails. In addition, low tech solutions can include portable radios, telephones and runners delivering messages delivering information by word of mouth, all with the goal of notification, regardless of the disaster-related failures of communications. Primary notification is through Tejano Alert.
Should the need to evacuate the campus arise, fire alarms may be used. Faculty and staff will advise students to evacuate to the areas surrounding the buildings. Cars may not be allowed to leave or restricted to certain egress points, thereby permitting access to the campus and parking lots for emergency vehicles.

- **Shelter in Place** -

If an incident occurs and the buildings or areas around where you are have become unstable, the air outdoors becomes dangerous due to toxic or irritating substances in the air; it is usually safer to stay indoors because leaving the area may expose you to those dangers. *Thus, to “shelter in place” means to make a shelter of the building you are in and with a few adjustments, this location can be made even safer and more comfortable until safe to go outside.*

- **Basic Guidance** -

If an incident occurs and the building you are in is not damaged, stay inside, seeking an interior room – until you are told it is safe to come out. If the building is damaged, take your personal belongings with you *(do not return once outside)* and follow the evacuation instructions. Once evacuated, seek shelter at the nearest college building quickly. Follow directions of fire or police personnel on scene.

Although it is unlikely you will ever need to shelter in place, it is helpful to know what to do; just in case. Normally, you should plan to stay inside for about 12 hours – often, much less. Staff and faculty can keep in their offices additional items in the event of this happening:

- Extra prescription medication
- Basic first aid supplies
- Non-perishable foods
- Bottled water
- Flashlight
- Battery operated radio
- Batteries
- Telephone *

*Remember: services may not be available in a disaster
- How Will You Know to Shelter in Place? -

A shelter in place notification can be issued by EPCC Police, college employees or local, state or federal government. Notification may also come over the radio or television, i.e., Emergency Broadcast System (EBS). The college can also announce the need to shelter in place using the Tejano Alert system.

- How to Shelter in Place -

No matter where you are, the basic steps to shelter in place will generally remain constant. Should the need ever arise; follow these steps unless instructed by emergency personnel to do otherwise.

- If inside – stay where you are; if outside, go to nearest building
- Collect supplies (food, water, etc.)
- Locate a room to shelter inside:
  ✓ interior room
  ✓ above ground level
  ✓ least amount of windows
  ✓ make a list of people with you
  ✓ call or have someone call the list into EPCC police with the location
  ✓ make yourself comfortable

- Weather Related Emergencies -

In the event of a weather related emergency, such as a tornado or other severe thunderstorm; students, faculty and staff are encouraged to heed the following precautions:

- Tornado Warning – seek shelter inside an interior room within the building in which you are located at the time of the warning – avoid being by windows, doors and outside walls
- Do not drive to shelter, unless you are already in a vehicle when the warning is issued – drive to the nearest building or seek shelter in a ditch or ravine
- If the building has a designated shelter area, go there – if not, go to an interior room on the lowest level (bathroom, closet, hall, etc.)
- If a sturdy piece of furniture is available, use it for cover and stay away from windows
Sometimes things may be out of your control, but women (and men) can take measures to help prevent sexual assault. **Importantly, one needs to be able to reason and think clearly - alcohol and drugs can impair your judgment; your ability to make clear decisions and lower your inhibitions.** Keep the following general prevention tips in mind to help minimize risk:

- If you’re going on a first date or a blind date, go to a public place with a group of friends; such as a restaurant
- Make sure your cell phone is charged and you have money for a taxi
- Keep your drink with you at all times if you’re at a bar or party and don’t accept drinks from people you don’t know or trust
- Listen to your gut feeling: if a situation seems suspicious or you sense you might be in danger, leave immediately and go to a safe place
- Know your sexual limits and remember you have a right to say “NO”; no matter the circumstances
- Communicate your limits firmly and directly
- Talk to your friends; agree to look out for each other while out – if you think someone intercede is at risk for sexual assault, consider it an emergency and get involved
- If leaving with someone; let them know with who, where you are going and when you will be back

Additionally, men should also keep the following in mind:

- Do not assume that your date is interested in or wants sex; no matter what happens when together
- Be sure you and your potential partner clearly communicate intentions to each other
- Even if you have had sex with the person before -- “NO” means “NO”
- Listen to the other person; stop if you are receiving ambiguous messages or mixed signals
- Consent to one type of sexual activity is not consent to engage in other forms of sexual activity
- Date rape is illegal and has considerable consequences

Bystanders and friends have a commitment to look out for each other’s wellbeing. If someone is at peril of sexual assault - get involved; don’t wait for another to step up. Some guidelines to keep in mind and
follow, as to how to intercede, include:

- Approach everybody as a friend
- Don’t be aggressive or violent
  - Be honest and direct
  - Keep yourself safe
- If needed, get assistance from other bystanders
- If the situation becomes dangerous – call the police

Every person can help inform others about and assist in combating sexual assault, by:

- Assisting friends with violent feelings or behaviors in getting help
- Speak up against false comments regarding sexual assault
  - Speak up against jokes regarding sexual assault
  - Educate people about sexual assault

Do You Feel Safe at Home?

Does a person you love.................

- Threaten to hurt you, your children or someone else in your family?
- Say it is your fault if he or she hits you, then says it will not happen again (but it does)?
- Put you down in public or keep you from contacting family or friends?
- Throw you down, push, hit, choke, kick or slap you?
- Force you to have sex when you don’t want to?

Just one “yes” answer may mean that you are in an abusive relationship.

You are not alone and you do have choices!

No one deserves to be hurt – you deserve to be safe at home!

What Can You Do?

- Call 911 if you are in danger or need help
- It is hard to decide to leave – when you’re ready, you need to have a safety plan
- Call the National Hotline to get help and to formulate a safety plan 1-800-799-SAFE (1-800-799-7233)
- Teach your children how to stay out of the fights
- Teach them to call 911 and where to go when they are scared
- Talk to someone about what is going on (they may be able to help)
- You and your children need to have bags packed and ready
- Leave the bags with someone you trust
- Have cash or credit cards in the bags
- Include medicines, important papers, extra clothing for yourself and children and some toys
- Include coins, pen and paper in case you need to use a pay phone
- Hide extra car keys and house keys outside your house, in case you must leave in a hurry
