GENERAL PROVISONS
The EPCC Police Department welcomes all students, faculty, staff and employees of vendors to El Paso Community College District. It is our intent to promote safety; therefore, we are providing the following regulations concerning all vehicles driven and parked on any El Paso Community College District property, authorized by Board Policy 5.01.03. All members of the college community are urged to familiarize themselves with these rules and regulations and cooperate in respecting them. These rules and regulations are supplementary to the Statutes of the State of Texas.

VEHICLE REGISTRATION
Students, faculty, staff and employees of vendors, full-time and part-time who operate and park a vehicle(s) on campus will register their vehicle with the EPCC Police Department, receive a parking permit(s) upon presentation of a payment receipt from the Cashiers, and a completed vehicle registration application. On-line students, distance education, F.T. Bliss students, and others who plan to be on campus as needed, will also need a parking permit. F.T. Bliss students will need to comply with the Post access requirements.

The Vehicle Registration application must be completed in its entirety. Individuals with outstanding citation(s) must pay for the citations first and be cleared; the parking permit(s) will then be processed and issued. Information provided must be accurate and verifiable.

Additional vehicle(s) being registered must belong to the student or employee, or a member of his or her immediate family, living in the same household.

Parking permit(s) will be issued to the vehicle(s) being registered, and must not be used on any other vehicle(s) not registered with the EPCC Police.

There will be a grace period of seven (7) calendar days from the first day of classes for the fall, spring, and summer semesters before enforcement of parking permits begin. For classes that overlap semesters to include power pack, miniterms, and others, the parking permit for the latest semester will be issued. Parking permits will be enforced seven days of the week.

Registration of a vehicle does not guarantee a parking space.

EXEMPTION FROM THE VEHICLE REGISTRATION AND FEES
Those individuals who do not drive and park a vehicle on College property do not have to register their vehicle.

Those individuals who are visitors may park in visitors designated parking and do not have to register their vehicle.

PLACEMENT OF PARKING PERMIT
The parking permit is an inside windshield type sticker. It must be affixed on the windshield six (6) inches above the dash board on the passenger side, according to instructions furnished with the permit. All motorcycles will be issued bumper type parking permits. Remove all expired EPCC parking permits, so only the current permit is displayed visibly.

VEHICLE INFORMATION UPDATE
License plate numbers may change from time to time, so it is the responsibility of each individual to update this information with the EPCC Police.

REFUNDS
Vehicle registration fee is a non-refundable fee.

EXEMPTION FROM FEES

Continuing Education (C/E) students enrolled for 47 class hours or less will register their vehicle and receive a free C/E pass for the duration of their class session.

Individuals who qualify under the Americans with Disabilities Act (ADA) of 1990, Purple Heart recipients, and Disabled Texas Veterans will register their vehicle(s) and receive a free parking permit(s) when documentation of proof is presented to, and verified by the Campus Police. A limit of two (2) free parking permits will be issued to each individual.

COLLEGE EMPLOYEES WHO ARE STUDENTS, AND WORK STUDIES
College employees who are also students will register as college employees. Staff scholarship may not be used to pay for the vehicle registration fee.

Work studies will register their vehicle(s) as students.

TEMPORARY PARKING PERMITS
Temporary parking permits are available at any EPCC Police office to individuals with a current parking permit who might need a temporary pass for a loaner or rental motor vehicle. A limit of three (3) temporary parking passes may be issued to an individual during the current parking permit period. If a loaner vehicle is going to be used for a period longer than four (4) weeks, an additional parking permit must be purchased.

Departments may request temporary parking permits from the EPCC Police for their guests and visitors, 48 hours prior to their campus activity or function. Other parking arrangements or requests can be made with the EPCC Police, depending on the number of community participants expected.

VISITORS
Visitors may park at designated visitor parking at each campus. They may also obtain a temporary parking permit if they will be visiting the campus on a regular basis, i.e. library user, par course students, or an employee of the student parking areas. A semester parking permit for student parking may also be requested to the Police Department for approval. The visitor may then pay the appropriate fee, and present the payment receipt to the EPCC Police for the parking permit. The visitor may not park in the visitor parking as long as the parking permit is on the vehicle. If a visitor receives a citation, the citation may be mailed in according to the instructions on the back of the ticket, or drop it off at any EPCC Police office.
