- Appointment of Dual Credit coordinator to assist Dean with Instructional supervision
BENEFITS OF THE DUAL CREDIT PROGRAM

- High school students get a head start on college.
- Students who experience success in a dual credit course in high school transition easier to college.
- Studies show that dual credit increases the likelihood that a student will complete high school, and enroll in and persist in college.
- Dual enrollment provides a wider range of course options for high school students and enhances their general academic preparedness. These challenges motivate students to take their studies more seriously.
- Students and parents save the cost of both tuition and books for every dual credit course taken. This represents a significant savings towards the cost of college.
CONCLUSION

Dual credit is a big win for high school students and their parents.

It is a significant recruitment strategy for college.

It is an important service to our community.
