1. Four (4) written tests will measure a student's understanding of the course content and will account for 400 points toward the final grade. Written tests will be given covering the text and lecture material presented since the prior exam. The fourth (final exam) will cover all of the material and lectures contained in the course. Each written test will be graded according to the number of test items. **No retakes will be given.**

It is the student's responsibility to make prior arrangements with the instructor if the student is unable to attend class the day of any exam. **A grade of zero (0) will be given if an exam**

**is not taken and no prior arrangements to take the exam have been made.** If prior arrangements have been made, the test may be administered at the instructor's convenience at the testing center.

2. The lowest grade of the four exams will be dropped if a written report on a criminal justice topic is submitted prior to Finals Week. The report will represent 25% of the final grade. The report will be at least twelve double-spaced pages in length and will be written in a scholarly manner using either the APA or MLA format. The paper will have a bibliography, or reference page, and the references will be noted within the body of the paper.

Deductions will be made for each error: not following directions, proofreading, formatting, typographical problems including incorrect text, etc. A percentage grade will be assigned by dividing the total points earned by the total points possible.

3. Other in-class work may also be given at the instructor's prerogative.
4. The instructor may assign extra credit assignments. Extra credit points will be added in to the overall assignment score and will carry a point value of no more than 5 points for each assignment.
