<u><b>3</b></u>	<u><b>2</b></u>	<b>:</b>	<u><b>3</b></u>						
<b>Credits</b>	<b>Lec</b>		<b>Lab</b>						

**I. Catalog Description**

Emphasizes more erudite problem-solving assignments using the primary media of airbrush techniques (no prerequisites for Fine Arts majors). **(2:3). Lab fee.**

**II. Course Objectives**

Major emphasis of objectives of this course will be enhancing the student's ability to maintain the airbrush as a tool and use it in execution of complete renderings. The use of stencils, frisket paper, and acetate masks will be explored.

Upon satisfactory completion of the course, the student will be able to meet at least 70% of the following:

- A. Conceptualize and submit all assigned projects done on traditional Wet Media.
- B. Demonstrate unique and creative approaches to Advertising Production projects.
- C. Render professionally finished work for all studio critiques.
- D. Meet all critique deadlines on time.
- E. Follow established procedures regarding equipment maintenance, care, and safety.
- F. Disassemble, clean, reassemble, and use nomenclature of airbrush.
- G. Exhibit a professional attitude toward work and show initiative.
- H. Identify the components of the project and solve project-specific problems.

**III. THECB Learning Outcomes (WECM)**

Learning outcomes/objectives are determined by local occupational need and business and industry trends.

**IV. Evaluation**

- A. Outside class assignments will be made at the discretion of the instructor. The instructor will evaluate assignments immediately after they are due.
- B. There will be a formal studio critique upon completion of every assignment. The critique will be treated with the same integrity as the traditional examination. Any critique that is missed will constitute 2 F's for the assignment. Be advised that this is non-negotiable.
- C. The student will be graded on each assignment on uniqueness, conceptualization, and professionally finished work. An overall semester grade according to the performance rating scale will also be given.

Grading Scale: Two grades will be given for each project, including the final exam.

Example: (A/A): the first A represents concept, the second A represents professionally finished work. Grades are then averaged as follows:

A = 4 points      Grades will be added together and averaged.  
B = 3 points      Example:  $A/B = 4 + 3 = 7$  divided by  $2 = 3.5(B+)$   
C = 2 points  
\*D = 1 point  
\*F = 0 points

Perfect Attendance (attending each class session) will raise a student's Final Grade to the next highest level; therefore, the B+ becomes an A.

D.      Written exams or pop quizzes over certain textbook reading assignments will be given at the discretion of the instructor. These test grades will figure accordingly to the final semester grade.

❖      If these grades are earned, the student is encouraged to confer with the instructor for remediation.

## V.      **Disability Statement (American with/Disabilities Act [ADA])**

EPCC offers a variety of services to persons with documented sensory, mental, physical, or temporary disabling conditions to promote success in classes. If you have a disability and believe you may need services, you are encouraged to contact the Center for Students with Disabilities to discuss your needs with a counselor. All discussions and documentation are kept confidential. Offices located: VV Rm C-112 (831-2426); TM Rm 1400 (831-5808); RG Rm B-201 (831-4198); NWC Rm M-54 (831-8815); and MDP Rm A-125 (831-7024).

## VI.      **6 Drop Rule**

Students who began attending Texas public institutions of higher education for the first time during the Fall 2007 semester or later are subject to a 6-Drop limit for all undergraduate classes. Developmental, ESL, Dual Credit and Early College High School classes are exempt from this rule. All students should consult with their instructor before dropping a class. Academic assistance is available. Students are encouraged to see Counseling Services if dropping because exemptions may apply. Refer to the EPCC catalog and website for additional information.
