IV. Evaluation

- A. Challenge Exam: Students who wish to challenge the course should contact the Testing Center and the Division Dean. Challenges must be accomplished before the census cut-off date. Students who previously have received a W or a letter grade for the course are not eligible to challenge the course.
- B. Examinations: You must provide your own supplies, including a basic four-function calculator, for use during each exam. Reference materials may not be used unless specifically allowed by the instructor.

You are expected to do your own work on the exams and are responsible to protect your work from copying. Anyone caught cheating will receive zero credit for that exam and be subject to disciplinary action as prescribed in the current EPCC catalog.

Exams require the solution of both procedure and theory problems. Exam formats may include multiple-choice, matching, fill in the blank, short-answer responses, essays, computational problems, practical application problems, manual accounting forms, and computerized spreadsheet and general ledger problems.

- C. Remediation: At the discretion of the instructor, students may be allowed to retest for higher grades.
- D. Assignments: All assignments should be completed on appropriate working papers with your name, course/section number, and assignment number. Documents should be stapled in correct sequential order and have a neat, professional appearance. All written responses must be prepared using correct grammar, punctuation and spelling.
- E. Class and Lab Participation: Class participation is required and monitored. Lack of participation in class activities may subject the student to withdrawal from the course based on inadequate course pursuit. Chronic tardiness to class is not tolerated. Extended absences from class activity should be discussed with the instructor. At least 32 hours should be accumulated in the Business Lab by the end of the semester. The lab provides an independent study area where you can complete your accounting work, use the lab computers and calculators, view videos and receive assistance.
- F. Course Pursuit: When the instructor determines that a student has ceased to pursue the objectives of the course, the instructor may withdraw the student from the course up to the official withdrawal deadline. To assess course pursuit by the student, the instructor will consider class and lab participation, failure to take exams and quizzes, failure to submit required work, and failure to complete other required class/lab/homework activities identified in the course syllabus.
- G. Withdrawal from Course: It is the student's full responsibility to withdraw by the official withdrawal deadline. The instructor may not readmit a student who voluntarily withdraws from the course. A student withdrawn for administrative reasons may not continue to attend class until readmitted into the course. All students remaining on the final class roster will receive a grade based on the total points accumulated by the end of the semester.
- H. Final Examination: The comprehensive final examination is mandatory for all ACCT 2301 classes and should count for at least 15% of the total course grade.

Grading Scale:

A = 90 -100

B = 80 - 89

C = 70 - 79

D = 60 - 69

F = below 60

I = Incomplete

W = Withdrew or withdrawn

Developmental, ESL, Dual Credit and Early College High School classes are exempt from this rule. All students should consult with their instructor before dropping a class. Academic assistance is available. Students are encouraged to see Counseling Services if dropping because exemptions may apply. Refer to the EPCC catalog and website for additional information.
