II. Course Objectives

By the end of the course, the student will achieve a minimum performance level of 70% in the following areas:

- A. Recognize and, closely imitate and comprehend the sounds and intonation of French spoken at a normal speed and by various speakers.
- B. Practice oral skills using easily understood vocabulary, pronunciation, and intonation in both prepared and impromptu conversations with the instructor, with other students or in language laboratory exercises.
- C. Comprehend the reading of the texts presented, and participate in discussions of these texts.
- D. Write brief, simple paragraphs in the language, utilizing correct spelling and grammar.

III. Evaluation

- A. Assessment

The instructor will maintain a continuous record of each student's progress on an institutionally approved grade sheet or computerized substitute. All instructors must keep records in such a way that information would be clear to a second party having to check grade computation in special cases. An explanatory legend should be provided on the grade sheet.

- 1. The evaluation of the exams should be based on the student's mastery of the assigned objectives. In addition to the dialogues, and vocabulary, it is essential that the instructor covers grammar in the course with a focus on continuous communication in the classroom.
- 2. A final examination is required.

3. Grading Percentages

Grade percentages for determining the course grade may be devised by the individual instructor.
