Students qualifying for Specialized Admissions must satisfy all the following: **General Requirements**, minimum set **TSIA2 scores**, **Mandatory courses**, and **Pre-Program Specifics**. Once all requirements are completed, ranking points are derived from the highest TSIA2 scores and G.P.A. of ranking courses. Applicants who complete all ranking courses may be more competitive for admission into their program of choice.

GENERAL REQUIREMENTS

Applicants for Specialized Admissions must satisfy Minimum Criteria to be eligible for ranking. The following is required of all applicants:

It is the student's responsibility to check with the Office of Student Financial Services to inquire how a repeat course (s) would impact their financial aid or veteran's assistance.

MANDATORY COURSES: 3 COURSES

A student must successfully complete mandatory courses prior to ranking. Applicants who do not satisfactorily complete mandatory course work will not qualify for ranking into this program.

- ▲ BIOL 2404 Anatomy & Physiology I (Lecture + Lab)
- ▲ HPRS 1206 Essentials of Medical Terminology
- ▲ MATH (3 Hr. Credit) 1314, 1324, *1332, 1342, 2314, 2412, or 2413

NOTE: BIOL 1306 and BIOL 1106 are pre-requisites for BIOL 2404. Students can complete prerequisites by taking these courses or by taking a Biology CLEP exam prior to ranking. BIOL 2404 and HPRS 1206 courses are good for five (5) years.

▲ Mandatory courses cannot be substituted. All mandatory courses must be successfully completed within 5 years of placement into the program with a minimum grade of “C” or better to qualify for ranking.

RANKING COURSES: 2 COURSES

Ranking courses are within the degree plan in which performance most reliably predicts future ability to successfully complete the program. It is highly recommended to complete all ranking courses prior to ranking to be competitive. Ranking courses cannot be substituted.

▲ Below Ranking Courses should be completed to qualify for March 3, 2025, and October 1, 2025

- ▲ BIOL 2404 Anatomy & Physiology I (Lecture + Lab)
- ▲ HPRS 1206 Essentials of Medical Terminology

*** NOTE: BIOL 1306 and BIOL 1106 are pre-requisites for BIOL 2404. Students can complete prerequisites by taking these courses or by taking a Biology CLEP exam prior to ranking. BIOL 2404 and HPRS 1206 courses are good for five (5) years.

PROCESSING OF PRE-PROGRAM SPECIFIC REQUIREMENTS

It is highly recommended that the applicant completes the Pre-Program Specific Requirements at least three (3) weeks prior to the ranking date. The applicant must complete “Specialized Admissions” requirements for qualifying and ranking. There is a scheduled ranking date for this program. Normal processing may take a few days or a few weeks depending on document type and individual circumstances. If documents have been received but not processed, then the student will be coded as ineligible for that ranking.

PRE-PROGRAM SPECIFIC REQUIREMENTS

Applicants for Specialized Programs must also meet Pre-Program Specific Criteria prior to qualifying for ranking. The following is required of all applicants:

- **Background Check- (fee is required)** Each student must complete a background check prior to enrolling in clinical courses. Background checks are required prior to acceptance into most health programs or courses. Students are responsible for the costs. Currently, the approved vendor for El Paso Community College is American Databank: <http://www.elpasoex.com/>. Only background checks from American Databank are accepted. **You will receive a letter from the Dean of Health Career and Technical Education, Math & Science division to inform you of the status of your background check. The student will not be able to go to the clinical areas/health care facilities until cleared.**

***NOTE: If a student has not enrolled in a health-related program for one or more semesters, the student must redo the background check at his/her own expense, for further information, please ask a Health Counselor or call the Program Coordinator.

There are two Levels of background checks: **Level I** applies to all students and includes: (1) Social Security Number Verification. (2) Criminal Search 7 years minimum or up to five criminal searches. (3) Violent Sexual Offender and Predator Registry Search. (4) Office of the Inspector General (OIG) list of Excluded Individuals/Entities. (5) GSA List of Parties Excluded from Federal Programs. (6) U.S. Treasury, Office of Foreign Assets Control (OFAC), List of Specially Designated Nationals (SDN), and (7) State Exclusion List.

Level II is for students already licensed or certified in any area. **Level II** requires all of the **Level I** elements plus (1) License Verification, (2) Certification Verification, and (3) Employment Verification, including reason for separation and eligibility for re-hire.

A positive criminal history will require proof of the official case disposition for clearance. Generally: Disqualifying criminal offenses include but are not limited to any felony conviction within the last 10 years, or two or more misdemeanors in crimes against persons, or families, such as homicide, kidnapping, rape, sexual assault, assault, battery, aggravated robbery, theft. Any misdemeanor or felony conviction involving abuse, neglect, or exploitation against a child, vulnerable adult, or disabled individual. Felonies or two misdemeanors involving manufacture, importation, delivery, or possession of controlled substances, including felony conviction of DWI or two misdemeanor DWI convictions. Deferred adjudication for any felony is also a disqualifying event for enrolling into any of the Health Programs.

Please note that many professional licensure or certification agencies may have additional requirements. You should reference the requirements for each agency.

A tracking system, **COMPLIO**, will assist students and coordinators alike to be compliant with immunizations, CPR, First Aid, physical, etc.

All students participating in health programs must be part of the American Databank, to keep their clinical data in compliance and updated. If you have any questions contact Margaret Rodriguez, Program Coordinator mrodr108@epcc.edu or Delia Denise Maldonado, Clinical Coordinator at: dqueva11@epcc.edu
