

## TRANSFER PATHS AND REQUIREMENTS:

- Students who plan to transfer are encouraged to obtain degree requirements for the transfer school, and to work with an Advisor or Counselor to ensure transferability of EPCC courses to the transfer school.
- Traditionally students majoring in Advertising/Public Relations complete their Bachelor's Degree at UTEP or NMSU. The following chart indicates which EPCC Mass Comm Advertising/PR courses transfer to each institution's COMM degree plan. The "x" indicates that the course transfers to the 4-year institution through the selected degree plan or that it fulfills a core requirement.

**Note:** Students who complete the entire EPCC Core Curriculum (42 credit hours) are able to transfer the entire block to any public higher education institution in Texas without having to take additional Core Curriculum courses at the transfer institution. Students who do not complete the EPCC Core Curriculum are able to transfer the completed courses (those designated as \* In Core Curriculum) but may still need additional Core Curriculum courses at the transfer institution.
