Ms. Roberta Rodriguez (president, Classified Staff Association) addressed the Board of Trustees regarding the service project that had been chosen by the Classified Staff. She noted that turkeys and stuffing mixes would be collected district-wide and distributed to the Rescue Mission. She informed the Trustees that the Classified Staff had chosen an off-site location for the Christmas Dance, which is scheduled for December 19, 2003.

Dr. Carina Ramirez (president, Faculty Association) addressed the Board of Trustees regarding a resolution passed by the Faculty Senate. The resolution stated that the faculty believe it to be extremely important for the college to immediately hire more full-time tenure track faculty to continue to address the educational needs of the community as identified in the mission statement and policies and procedures in place. Dr. Ramirez also addressed the faculty's concern over the use of Social Security numbers for identification at the college.

Gabriel Sebastian de los Santos (president, Student Government Association) updated the Board of Trustees on their recent activities. He announced that the SGA

would seek the vice president position of the Texas Junior College Student Government Association. He also noted that the SGA had addressed the faculty association on August 27 asking for their support for the the needs of the students by agreeing to reduce the number of books students have to purchase during each semester and to consolidate the books used throughout the district. Mr. de los Santos informed the Trustees that a student survey had been conducted to determine if the students would be willing to raise student fees from \$.50 to \$1.00. He noted that the results supported keeping Inter-collegiate Athletics with a margin of almost three to one. SGA recommends increasing the fees up to \$1.00 per credit hour in support of Inter-collegiate Athletics.

- 1.8.2 Requests for Reports and/or Items of Information of Interest to Members of the Board of Trustees.

Ms. Icard requested an update on the status of not using Social Security numbers for staff identification purposes. Dr. Rhodes responded that it is being worked on, as part of the Banner Software package that was installed. Ms. Icard also requested information on the cost of filling vacant faculty positions.

Dr. Uxer suggested that the Trustees consider holding a Board of Trustees meeting at the new Health Sciences Building at the Rio Grande Campus to enable all of the Trustees to tour the facility. Dr. Uxer also requested additional information on comments made by Dr. Ramirez during the Faculty Association report regarding students being turned away because there were not enough classes being offered. Dr. Rhodes responded stating that the College had experienced the largest enrollment ever at 22,813 for the fall semester. He noted that this was a 15% increase over last fall. He also stated that the administration had to scramble to find classroom space, as well as faculty. Dr. Rhodes reported to the Trustees that they had initiated a new program in the fall by having approximately thirty delayed start classes, fourteen weeks in duration. He stated that this was an attempt to get

1.9 Board Reports

1.9.1 Treasurer's Report - None

1.9.2.1 President's Report

As part of the President's Report, Dr. Dennis Brown (vice president, Instruction) will provide the Board of Trustees with a presentation regarding the Academic Master Plan.

Dr. Brown provided a presentation regarding the Academic Master Plan. He stated that the plan will serve as the blueprint for the next five years as the college district builds, expands, and strengthens the instructional programs and services.

1.9.2.2 Dr. Rhodes will update the Board of Trustees and audience on activities that have recently transpired within the college.

Dr. Rhodes provided a report to the Board of Trustees of recent activities. He highlighted the record fall enrollment of 22,813, a 15 % increase over last fall. He noted that the Dual Credit enrollment

exceeded 800 students, a 60% increase over last fall.

Dr. Rhodes recognized Dr. Maria Alvarez (instructor, Biology) for receiving the Minority Access Mentor Role Model Award for her efforts in attracting funding to EPCC for minority students to pursue biomedical research careers.

Dr. Rhodes announced a reception that would be held on September 18, honoring Amado M. Peña, Jr. to thank him for his donation of twenty pieces of art to the college district.

Dr. Rhodes also announced that the Chopin Music Festival was underway in its 9th season. He noted that performances would be held on September 27 and October 11. He recognized Dr. Lucy Scarbrough (instructor, Music) and thanked her for her hard work in putting together the festival.

Dr. Rhodes also thanked all of the individuals throughout the college district that had participated in the various 9/11 commemoration ceremonies that were held district-wide.

Dr. Rhodes reported on the grand opening of the new Health Sciences building at the Rio Grande Campus held that day.

Dr. Rhodes updated the Board of Trustees on the lease agreement for the postage machine. He noted that the item had been on the agenda during the August meeting and the Board had requested that he appoint an administrator to look into the

concerns that were expressed. Dr. Rhodes stated that Ms. Yolanda Ahner (interim associative vice president, Workforce Development) had looked into the issues and had recommended that the college institute a bid process to make the award. He noted that this was being done because of the confusion in the original discussions, not because of the process. He stated that this would be the most fair process for all parties.

FINANCIAL SERVICES ABSTRACT

Item(s) to be Considered: Consideration and deliberation on the renewal award of a contract for Workers' Compensation Third Party Administration with Ward North America, Inc.		Amount: Not to Exceed \$50,000
Requestor: Jim Kimsey	Area Responsible: Personnel Services	
Resource Persons: Ernst Roberts, Jim Kimsey		

Purpose: To enter into a one-year extension contract with Ward North America, Inc. for Workers' Compensation Third Party Administration, effective September 1, 2003. Selection of Ward North America, Inc. was through a competitive bid process. This is the second year of a three year agreement. CSP#02-018 was awarded in August of 2002.

Explanation: As a self-insured workers' compensation employer, since 1989, the El Paso County Community College District must provide a plan for claims administration. The District self administered workers' compensation claims for approximately five years. In 1994, the claims administration was placed with a professional service company.

Recommended vendor complies with the following:

- It has been determined the continuation of the life span approach to workers' compensation claims management is a more effective and beneficial approach.
- The Life Span Program fully calculates the claims administration cost by ensuring the continued handling of claims to conclusion. No additional fees will be attached to files that carry over from one contract to another. All claims occurring under the contract will be handled to conclusion.

Funding is provided by the Workers' Compensation budget.

Recommendation: Approval by the Board of Trustees.

JANITORIAL (CUSTODIAL) SERVICES

Competitive Sealed Proposals were issued to competitively solicit janitorial services for the College. The CSP was advertised for two (2) consecutive weeks in the El Paso Times. Proposal packets were requested by twenty-three (23) vendors. Six (6) proposals were received from: ABM Janitorial, CTJ Maintenance, Marcis & Associates, The Millard Group, Professional Janitorial Services and Service Solutions, as indicated on the tabulation sheet.

All vendors were required to do a site visit of all EPCC campuses and areas where services are to be performed. A pre-proposal conference was held on July 9th in order to address any questions or issues from prospective bidders.

Original proposals were evaluated on the basis of the submission that represents the Best Value for the College, per the provisions of the Texas Education Code, Sub-Chapter B, Section 44.031 (a) (b). The evaluation criteria was based on: completeness of vendor responses, cost proposal, vendor references, vendor's experience working in organizations similar to EPCC and vendor providing benefits to its employees.

The College requested best and final offers of all the vendors who submitted an original proposal. The best and final offer request included the following: request for best and final offer including and excluding the health benefit component, a base minimum of 2100 hours per week and clarification on the number of hours for each position the vendor anticipates employees will work. Vendor responses are recorded in the tabulation sheet. The recommendation for award is based on the best and final offer that represents best value in the best interest of the College:
