Key:

CDC……………….. Work by same author and same year

CHEMISTRY………….. No author

GROHAR-MURRAY…….. Book by two authors

GOSTIN………………. Work by three authors

MATANCOCK…………….. Work by 7 authors

WATERS: ………………….Journal article online w/Digital Object Identifier (DOI)

If you have two or more works by the same author list the entries by year, earliest first.

If you have two or more works by the same author in the same year, then organize them in the reference list alphabetically by the title or chapter. Unless the month and day are different.

Common Citation Samples:

Article from an on-line journal:

Article from a Database:

More Than Seven Authors

List by last names and initials; commas separate author names. After the sixth author's name, use an ellipses in place of the author names. Then provide the final author name. There should be no more than seven names.

Work Discussed in a Secondary Source

List the source the work was discussed in:

**NOTE:** Give the secondary source in the references list; in the text, name the original work, and give a citation for the secondary source. For example, if Seidenberg and McClelland's work is cited in Coltheart et al. and you did not read the original work, list the Coltheart et al. reference in the References. In the text, use the following citation:

In Seidenberg and McClelland's study (as cited in Coltheart, Curtis, Atkins, & Haller, 1993),...
